

Agromediterranen Faculty Dzemail Bijedic University of Mostar

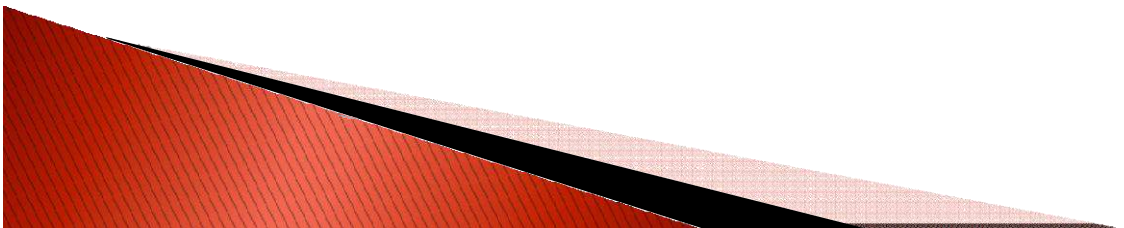

Agromediterranean faculty is one of eight members of “Džemal Bijedić” University of Mostar.

c Institute for agriculture

- c Agromediterranean faculty was established in 1997/1998, as a member of the University Džemal Bijedić in Mostar.
- c The establishment was initiated by the need for the region's young professionals, who will be able to develop specific fruits, wine grapes, vegetables and flowers production in sub-mediterranean part of Bosnia and Herzegovina.

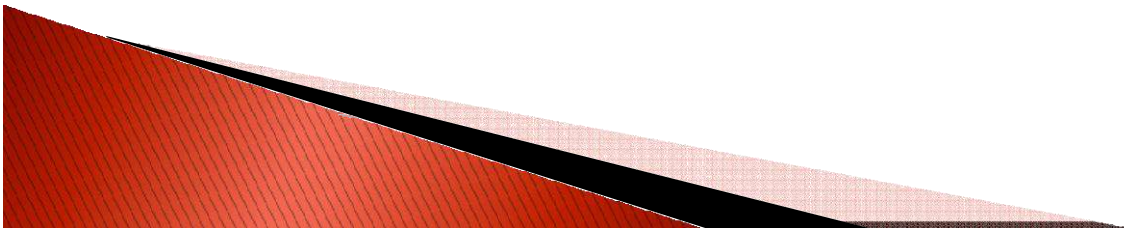

- c Agromediterranean faculty strives to develop programs to educate professionals able to perform all tasks in the modern agricultural production of food for their own needs and the needs of tourism

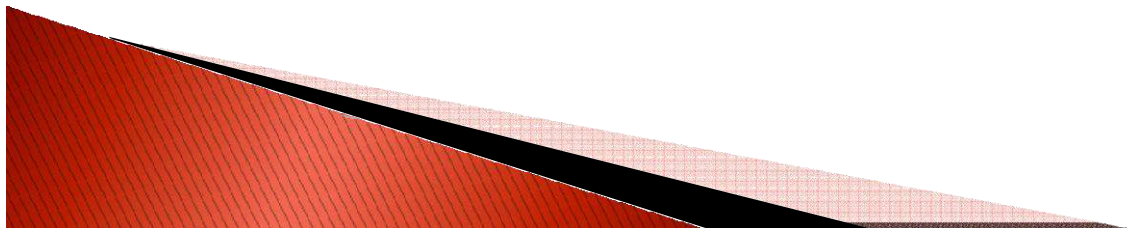

STAFF

- c There are permanently employed 24 members of teaching staff, laboratory technicians and administration staff:
- c Teaching staff is consisted of full professors, associate professor, assisting professors na assistants.
- c Teaching process is supported by laboratory technicians

Upon a need we engage external teaching staff

- c The faculty is set in two buildings with all necessary infrastructure with a total area of more than 1000m².
- c Besides classrooms we have:
- c Microbiology laboratory with additional room for equipment (equipped for ELISA testings)
- c Chemistry laboratory
- c Meristem culture laboratory
- c Laboratory for determination of honey quality and palynology
- c Pedology laboratory

There are also a two greenhouse ($2 \times 150 \text{ m}^2$) for practical lectures and scientific research, which are located in the park of faculty and training ground for practical training located within the campus.

Faculty greenhouses

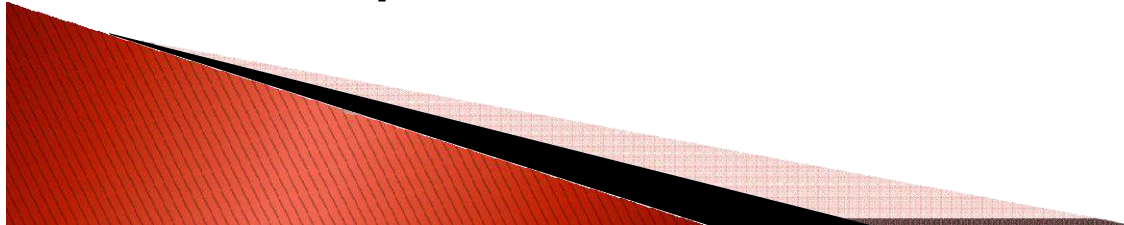

STUDY PROGRAMMES

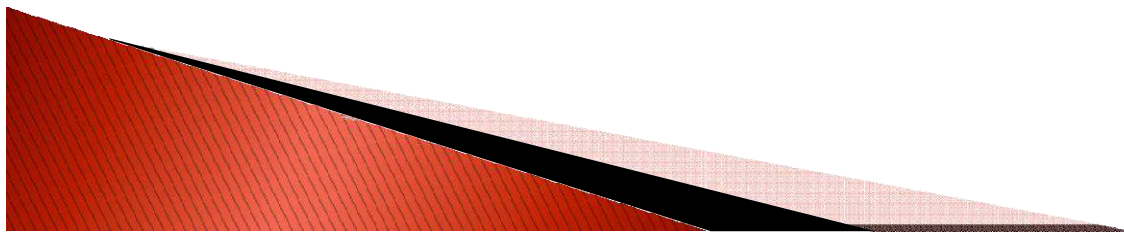

The faculty has organized three study programs:

- c fruit - viticulture study program,
- c vegetable - flower growing study program
- c agriculture

Curriculum is designed in the way that may ensure the absolute mobility of students between the related faculties of BiH and the European universities.

- c Agromediterranean faculty began with the teaching according to the principles of the Bologna process in the academic year 2008/09.
- c In order to have as better as possible curriculum design, experience and good practice from Sarajevo and Bihac (Bosnia and Herzegovina), Zagreb (Croatia) and Novi Sad (Serbia) have been used.

- c Our task is to insure knowledge transfer for needs of fruit-vineyards, vegetables-flower production and ecological agriculture

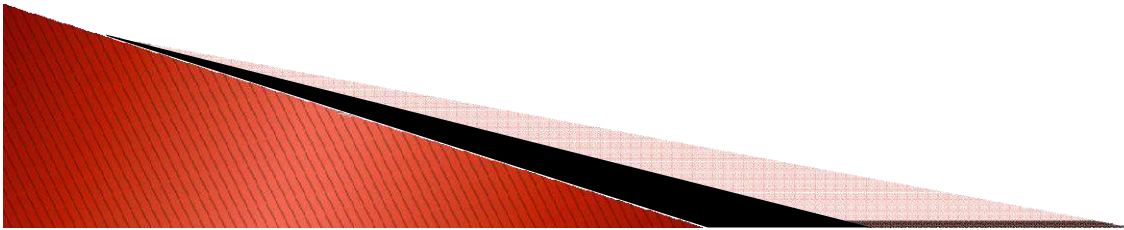

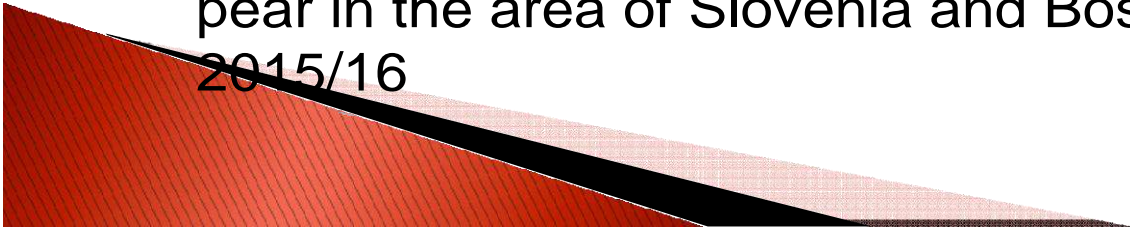

c Greenhouses at the faculty

PROJECTS

Bilateral projects with Montenegro and Slovenia

- c Pomological and genetical evaluation of autochthonous *Punica granatum* L. varieties in the area of submediterranean Herzegovina and Montenegro 2010/2011
 - c Morphological and genetical characterization of *Olea europea* L. varieties in the area of submediterranean Herzegovina and Montenegro 2012/2013
 - c Possibilities of biopesticide use in protection of olive in the area of Montenegro seaside and south Herzegovina 2012/2013.
 - c Evaluation and reproduction of dominant varieties of *Punica granatum* L. cultivated in Montenegro and Herzegovina 2014/15
 - c Evaluation and reproduction of wild orchids, *Cornus mas*, wild pear in the area of Slovenia and Bosnia and Herzegovina 2015/16
-

 - c TEMPUS project SER - EU standards for accreditation of academic programs at the universities of Bosnia and Herzegovina –
 - c TEMPUS project AGRIVOC - Reshaping of agricultural vocational studies in the Western Balkans – 2012-2015
- 

Student and staff mobility

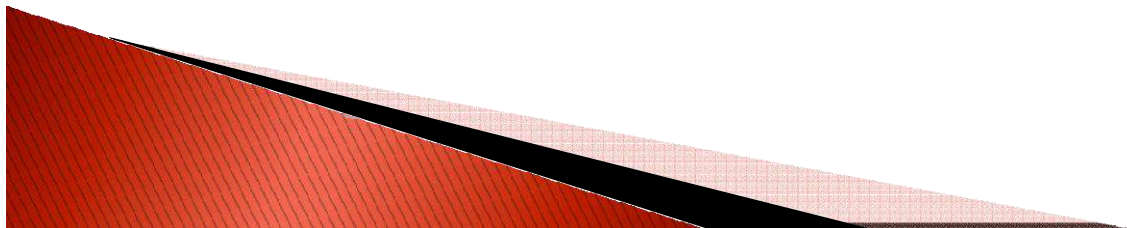

ERASMUS, CEEPUS, MEVLANA PROGRAMMES:

Outgoing students:

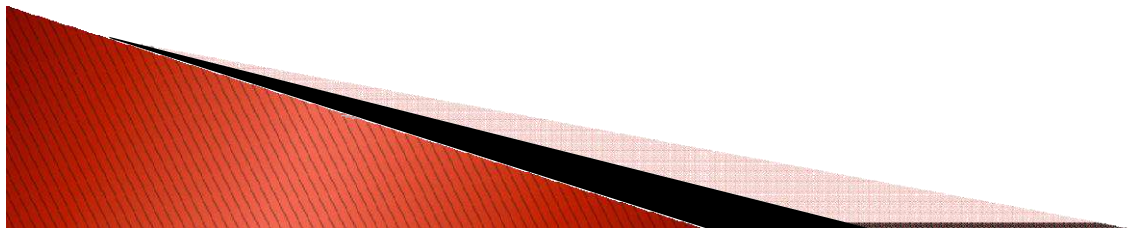

- Turkey
- Antalya – Akdeniz University
- Samsun – Ondokuz Mayıs University

c Spain – Almeria University

c Italy – Marche Polytechnic University

- c This cooperation helped us to get the equipment which put more quality into our teaching process, for study travelling of professors and students (teaching staff) etc.
- c We hope that our future cooperation will raise quality of high education to the higher level.
- c This faculty will help in future, in staff education, in development and organization of currently bad agricultural situation in this part of BiH.
