## INTERNAL DOCUMENT: WP3 STUDY VISIT ASSIGNMENT REPORT

**Study visit dates: 15 -16-17 October 2018**

**Study visit location: Venice, Veneto Region, Italy**

**HEI responsible:** Department of Agricultural and Food Sciences, ALMA MATER STUDIORUM, University of Bologna

### **Persons in charge for organization:**

Francesco Orsini  
Giuseppina Pennisi  
Pier Giacomo Sola  
Carlotta Rambla

### **Introduction**

Study visits and trainings (Deliverable 3.2.) are three days events organized at program HEIs according to the proposed modules, specific typology of Urban Agriculture as well as results/guidelines/experience from Project. Six study visits with training for five participants from five HEIs will deliver 150 trainings. Study visits and training aims to equip teaching staff from partner HEIs with first-hand experience in Urban Agriculture (UA). During study visits teaching staff will visit UA sites and project at program HEIs. During that time they will practically implement UA skills and knowledge in real work surroundings, or otherwise gain first-hand experience needed for BUGI Project curriculum implementation. Partner HEIs teaching staff will work closely with program HEIs teaching staff to facilitate knowledge transfer and good practice. The emphasis will be placed on teachers training that foster interactive, problem-based learning and entrepreneurial skills through new and creative ways of teaching and learning. New methodological approaches exercised by the teachers will enable them to work independently in implementation of new curriculum and LLL programs.

### **Study visit assignment**

**The aim** of the study visit and training was to equip teaching staff from partner HEIs (University Dzemal Bijedic of Mostar, University of Donja Gorica, University of Haxhi Zeka, University of Prishtina, University Sarajevo, South-Westphalia University of Applied Sciences, Department of Agriculture) with first-hand experience in UA in the Urban Area of Bologna, Italy, with the purpose to facilitate knowledge transfer and good practice of UA to support BUGI Project curriculum implementation.

**The objectives** of the study visit and training were to:

---

Project number: 586304-EPP-1-2017-1-BA-EPPKA2-CBHE-JP "This project has been funded with support from the European Commission. This publication reflects the views only of the author, and the Commission cannot be held responsible for any use which may be made of the information contained therein"

- Understand the use of prison gardens in the correctional system (multiple benefits such as reduced recidivism rates, lower rates of depression and improved mental health – economic impact of the garden product sales).
- Understand the diverse strategies used for the revalorizing the cultural landscape and territorial elements in the area of Venice, within an ecological and sustainable system that promotes interactive dynamics between community and territory.

### **Study visit outcomes**

During the study visit and training the participants:

- Visited companies and associations which business practice is based on UA and territorial reconstruction. All examples have a strong social and economical potential.

## **Study visit program 15 -16-17 October 2018**

### **15th October**

#### **10 AM - Giudecca**

##### **House of female imprisonment**

The house of imprisonment is located in an ancient monastery founded in the twelfth century. The vegetable garden has become an attraction, which many people (journalists, photographers, directors) come to visit: A bit of everything is grown, including the typical local vegetables: the Treviso radicchio (and there is a tub for the bleaching), the Paduan broccoli, that of Creazzo, the violet artichoke of Sant'Erasmo. The production is so abundant that the fruits and vegetables collected are sold at the market that two prisoners set up outside the prison every Thursday morning. Part of the production ends up in the stock exchanges distributed by the local solidarity buying groups or supplies some restaurants in Venice, while the aromatic and medicinal herbs are used by the cosmetic laboratory for the preparation of bath products of some hotels: detergents, balsams, creams.

#### **3 PM - LIDO**

##### **San Camillo Hospital Foundation - Therapeutic Garden**

The tree-lined park of the Hospital hosts the first therapeutic garden in Italy specifically designed for patients hospitalized in neurorehabilitation, also accessible to wheelchair patients and equipped with garden tubs that allow everyone to participate in the activities.

#### **18 PM**

The **garden of the seventeenth-century Palazzo Rizzo Patarol**, which in the twentieth century was the site of a convent and now houses the Grand Hotel dei Dogi, was originally the private botanical garden of Lorenzo Patarol, cited as "one of the Venetian singularities to be shown to foreigners". It overlooks the northern lagoon through an elegant Palladian-inspired lodge, redesigned by Giuseppe Jappelli.

### **16th October**

#### **9:30 AM - Laguna Fiorita Onlus**

Visit to the social cooperative that deals with the employment of disadvantaged and disabled people. The cooperative includes a nursery with two warm greenhouses and two small cold greenhouses in which a vast assortment of plants, pots, pots and objects linked to the green are offered; the cooperative is also specialized in the ordinary and extraordinary maintenance of gardens, terraces and terraces in the historic center of Venice.

#### **11:30 AM - L'Orto del campanile Carmini**

Presentation of the recovery of a large green space behind the Church of the Carmini in Venice, which has remained a landfill for years. Thanks to donations of plants, exchanges of seeds, opinions of gardeners and the collaboration of artisans and skilled volunteers, the garden has soon become a place of sharing and gardening for many Venetians.

## 17<sup>th</sup> October

### 10:30 AM - Honey of the Doge Sant'Erasmus

Presentation of a small family company specialized in the production of a unique honey, with a salty aftertaste, which is based on the care and protection of bees. The genuineness of our honey is also guaranteed by the place of production, without smog, industrial centers or polluting factories.

### 11:30 AM - I Sapori di Sant'Erasmus

Our company was founded in 1996 on the island of Sant'Erasmus, a habitat particularly suited to the agriculture of small gardens. The company has given new impetus and development to the traditional agricultural activity, practicing the integrated fight to guarantee a healthy and tasty product, directing us successfully to the direct sale and proposing exclusively their production.

### 4:30 PM - Laguna nel Bicchiere - Le vigne ritrovate

Presentation of a cultural association of Venice that aims to preserve and enhance the products of the lagoon territory, recover abandoned vineyards, establish relationships and collaborations with schools, associations, local authorities, public and private institutions of the territory available to share objectives and experiences.

## List of participants

Name and surname	Institution
Aida Sukalic	University Dzemal Bijedic of Mostar

**attended the Study Visit and Training Event of the BUGI project organized in  
Venice on October 15-17, 2018.**

Venezia, 18<sup>th</sup> October 2018

**Dr. Francesco Orsini**

## Annex 4 – Evaluation Report

# In General Good Results

- The feedback coming from the forms filled in in Venezia shows **a rather good score ...**
- ... with some minor **criticisms** concerning some organisational issues!

Fig. 1

## Usefulness for acquiring new skills

- Rather good!

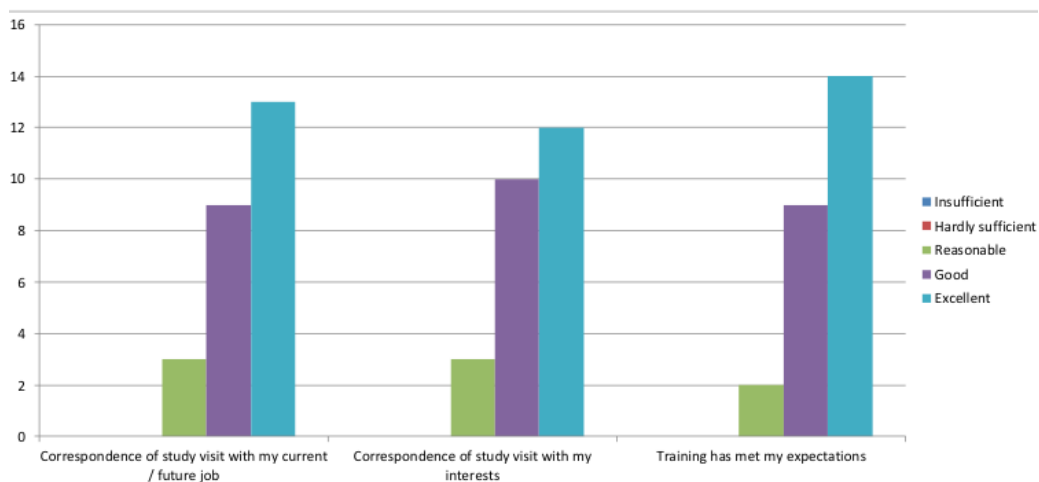

Fig. 2

## Usefulness for acquiring new skills

□ Rather good, with only one person disappointed!

Fig. 3

## Effectiveness of materials and methods

□ Only one person did not fully like how the visit has been organised!

## Overall Evaluation in Venezia

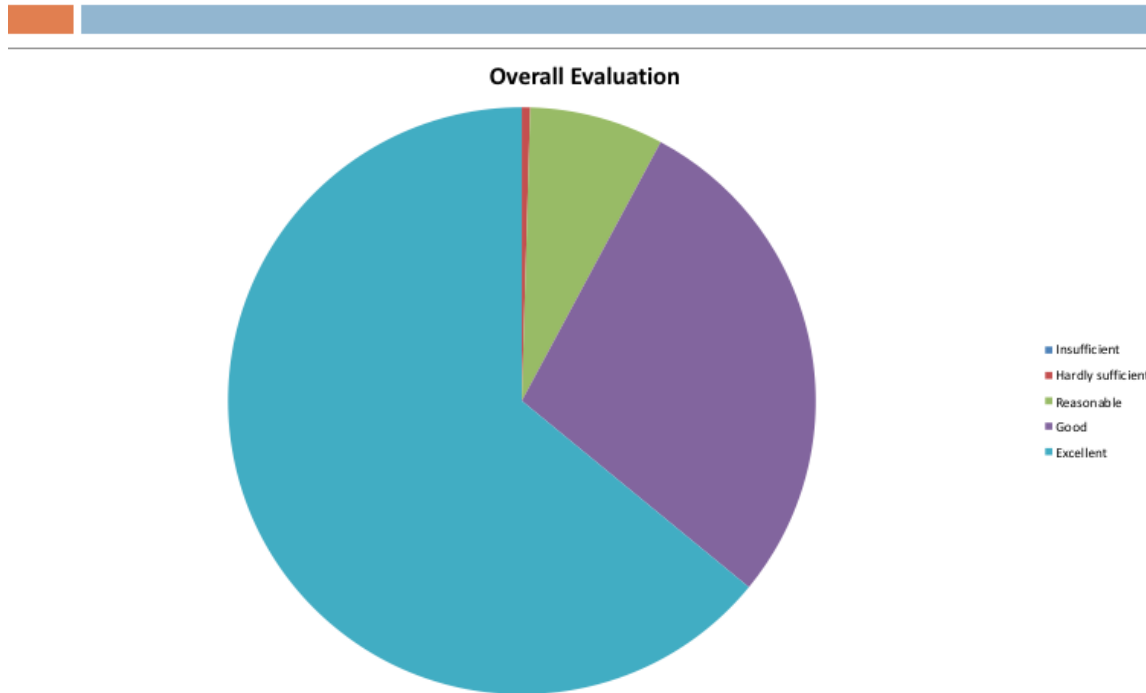

Fig. 7

### Participants' Opinions and comments:

1. We would like to see some experiences of Vertical Farming
2. Improve the Time Management!
3. Sometimes there is limited attention to other participants
