# What are the main themes of the case studies on urban agriculture in countries 1) with very high HDI; 2) with high HDI; 3) with an average HDI; 4) with low HDI. The size of the words represented in the diagram is proportional to the number of times they are the main theme of the studies.

Greenhouse Gas  
26% of global  
greenhouse gas emis

Non-food  
38.7 billion tonnes CO<sub>2</sub>  
74% global emission

Food  
13.7 billion tonnes CO<sub>2</sub>  
26% global emission

Figure 3. Main themes of the case studies on urban agriculture in countries 1) with very high HDI; 2) with high HDI; 3) with an average HDI; 4) with low HDI. The size of the words represented in the diagram is proportional to the number of times they are the main theme of the studies.

# CILJ PREZENTACIJE

Oспорiti mitove o urbanoj poljoprivredi:

- „Fenomen 21 vijeka“
- „Spasit će svijet od gladi“
- „Moda bogatog svijeta“

# FFNOMEN 21 VIJEKA?!

na urbane p

ILLS.R.

urban planners, policy-focused organizations, and local governments take it seriously and recognize the environmental, economic, and social benefits urban agriculture offers. Social responsibility is focus!

Fokus na obezbjeđenju dovoljnih količina hrane, odgovor na ekonomske probleme i siromaštvo

hrane“

# „FENOMEN 21 VIJEKA?!“

Vođen aktivnošću građanina i promjenu načina življenja  
u urbanim područjima!

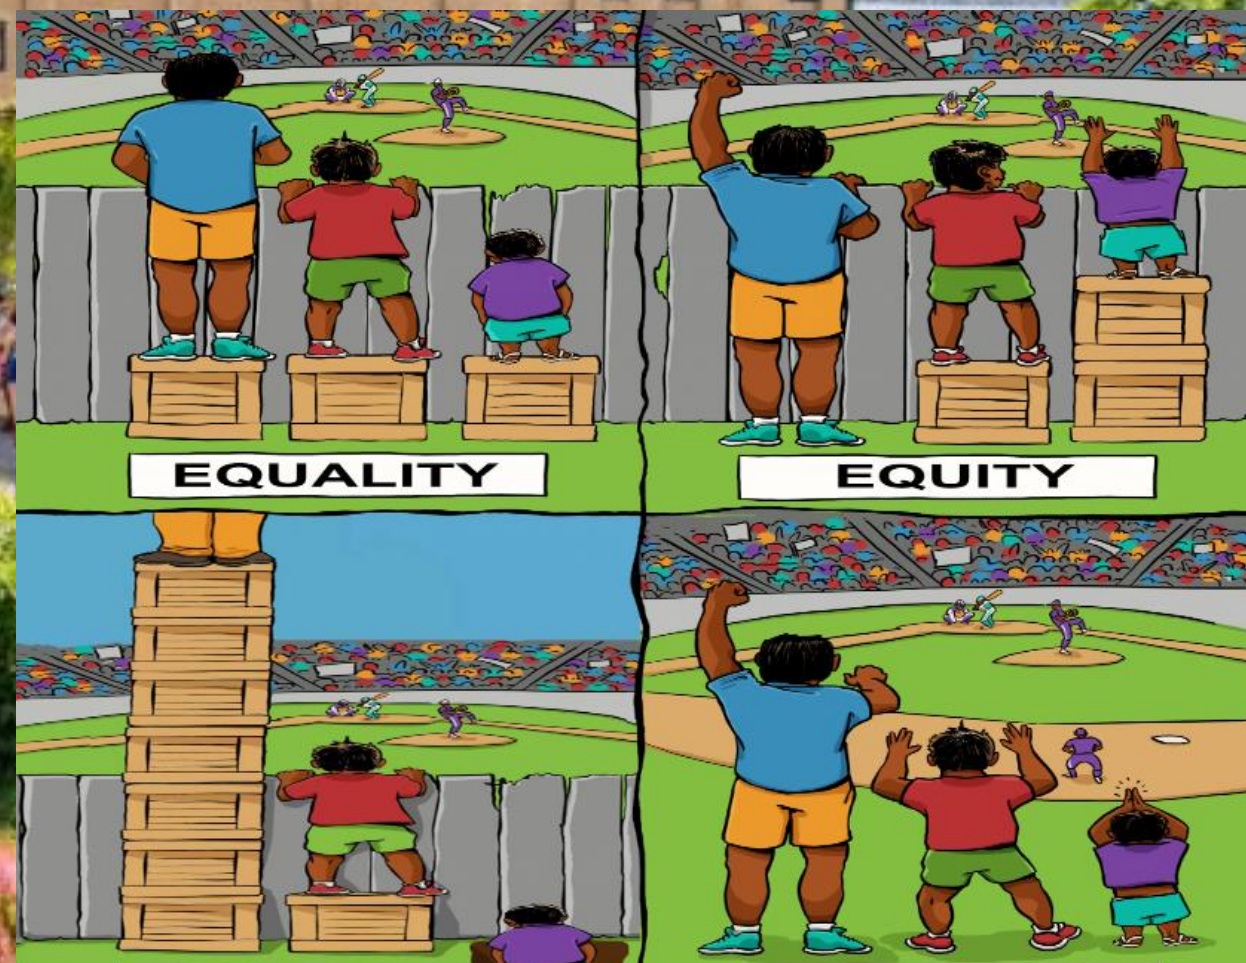

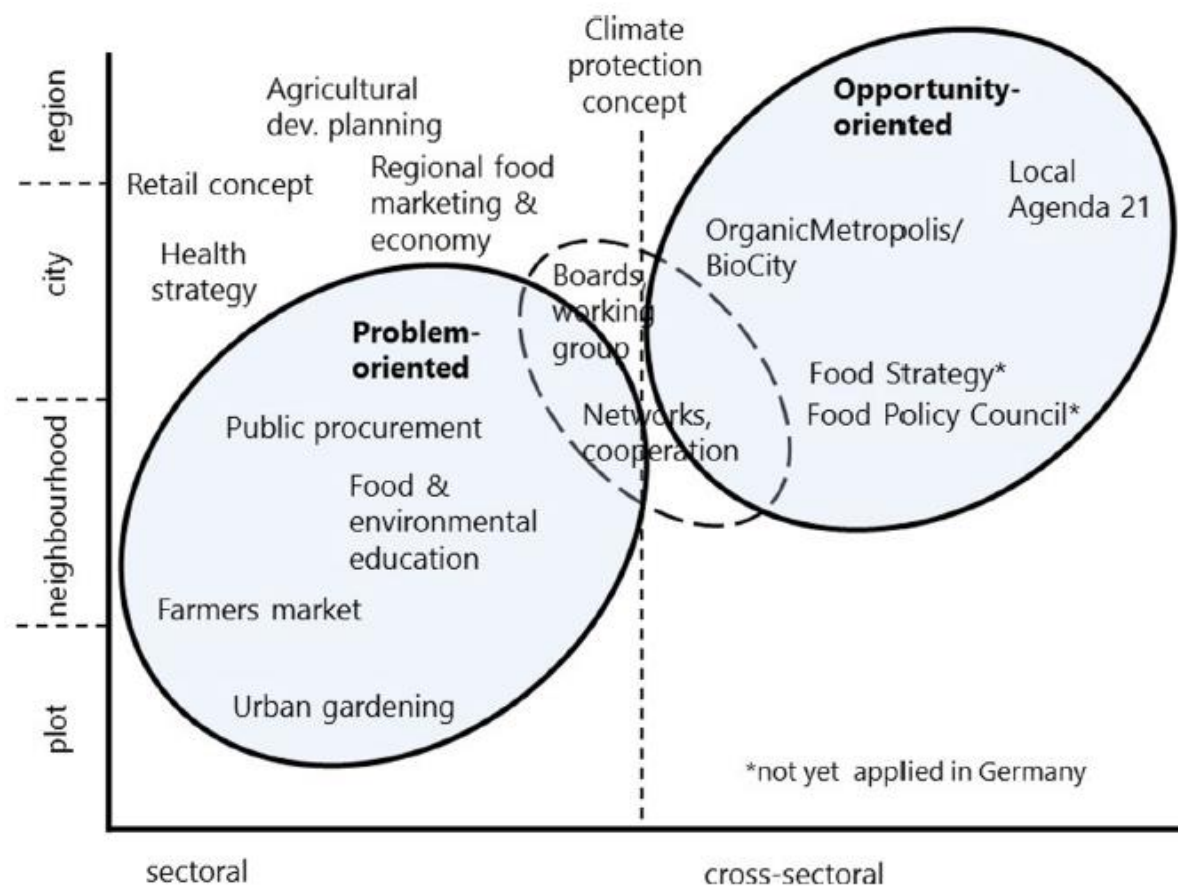

## Evolucija fenomena ur

UA is also called **“climate-optimised food production”**  
(Giseke et al., 2015),

**REALITY –**  
no barriers and inequality & exclusion  
– fertile soil for conflict which raise  
exploataction of resources and

**SOCIAL JUSTICE –**  
no barriers is a way to conflict  
prevention and is supports creativity,  
inclusion and quality of life

# „MODA BOGATOG SVIJETA?!“

A very successful international initiative to develop UA – the **Food Policy Pact (that gathers 180 cities from all over the world)**, and evidence from published research (Mohareb et al., 2018; Goldstein et al., 2017; Orsini et al., 2012; Redwood, 2012), have outlined a complex picture of the positive impacts caused by UA. **This demonstrates that UA really is a very productive support**

Coca-Cola is working to create a bottle made 100% from paper – an innovative packaging technology that may help achieve a World Without Waste.

**Coca-Cola Presents Its First Paper Bottle Prototype To Achieve “World Without Waste”**

[a city perspective](#), summary report, 2015.

FReSH catalyzes change across food systems, taking into account local eating patterns, by focusing on the following work streams:

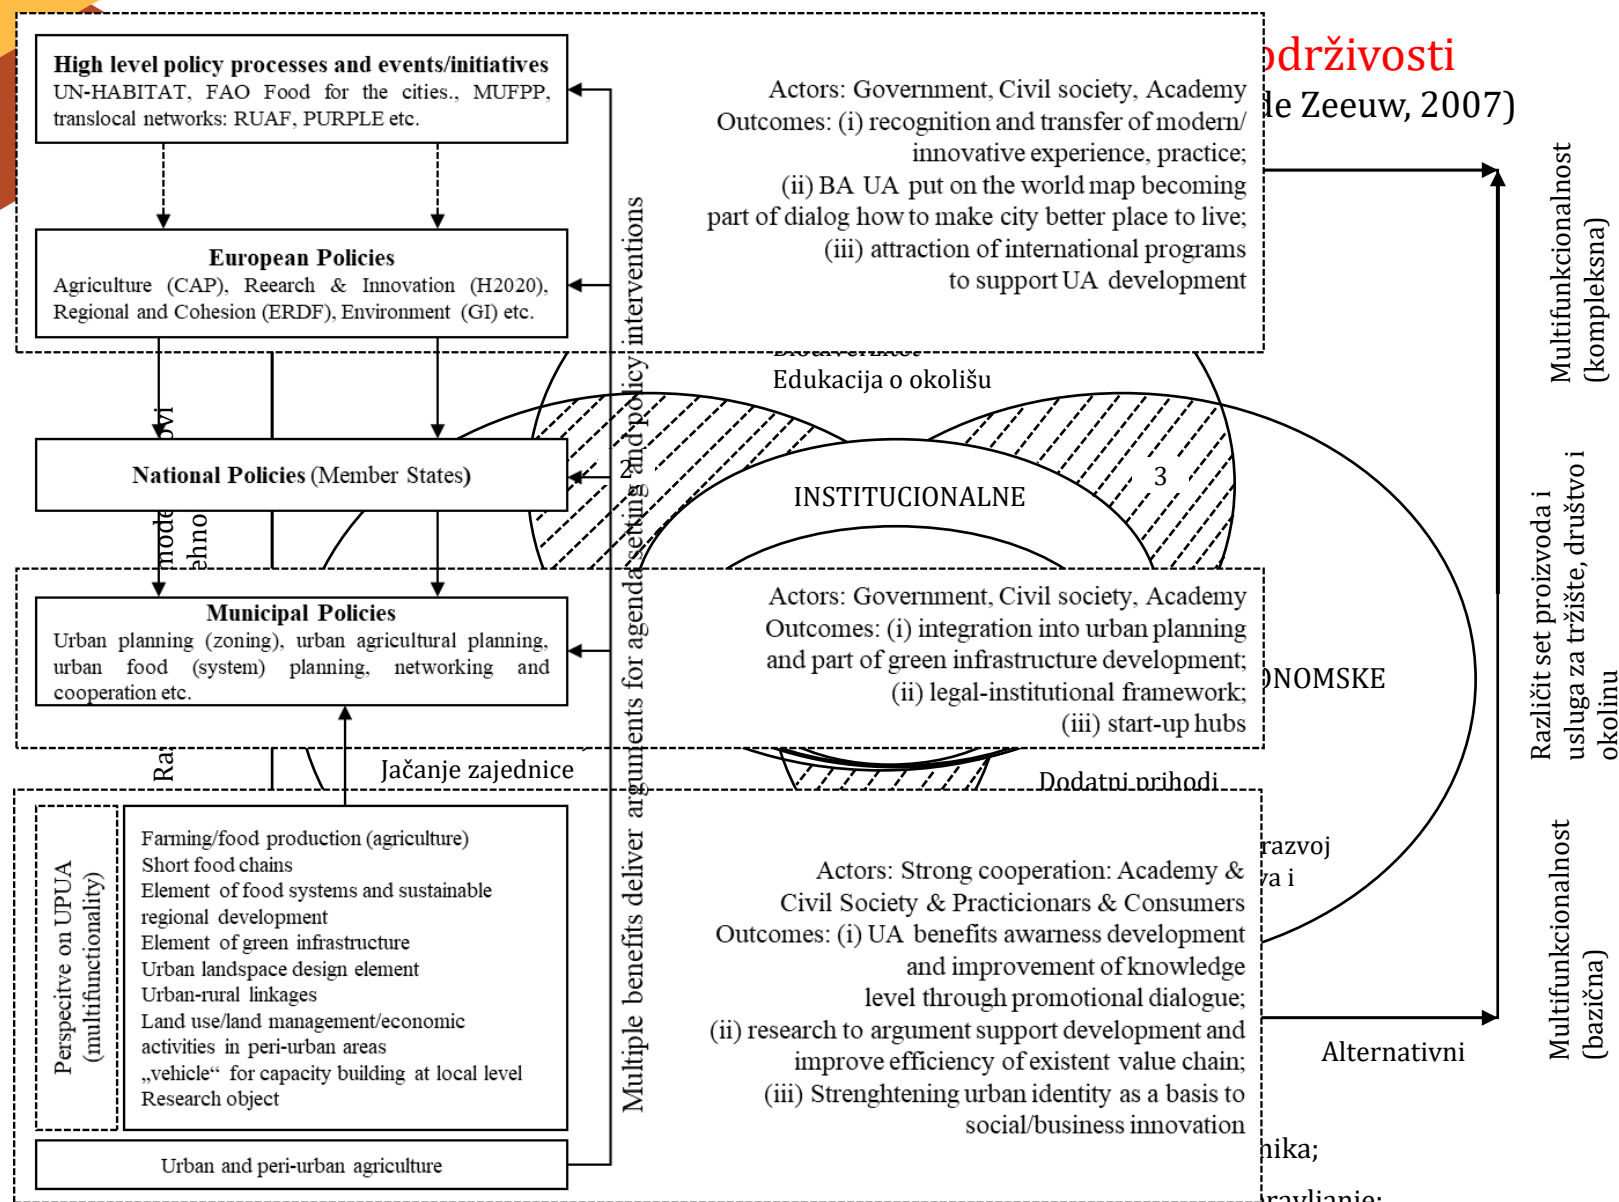

Compared to a year ago 73% more

Twenty-five global companies, including food and beverage manufacturers, have joined together to launch FReSH – the Food Reform for Sustainability and Health Program. The program seeks to accelerate change in global food systems, ensuring healthy diets for all with food that is produced responsibly within planetary boundaries.

PepsiCo, Nestle among companies in sustainable food program (2017)

UA je tu i tu će ostati. Njenu budućnost će oblikovati stanje na tržištu, angažovanost građana i njihova sposobnost da grade socijalne inovacije, ali i podrška vlasti odnosno adekvatno oblikovani legislativno-institucionalni okvir i javne politike
